

Application No. 10/775,076
Reply to Office Action of June 26, 2005
Date: August 29, 2005

REMARKS / ARGUMENTS

Claims 1, 3, 4, 8, 10, 11, 15, 16, 18, 19, and 21-27 are presently pending.

Claims 12-13 have been withdrawn.

With respect to the examiner's request that the applicant restrict between the method of making and method of using, applicant has elected group III, the method of making, to proceed further in the application. As stated by the examiner, the applicant expects the product claims, i.e. group I, to be examined along with the elected group III.

As the claims in group III (claims 21-22) were indicated as being allowable in the Office Action of November 16, 2004, the applicant fully expects these claims to remain allowable.

Allowance of the pending claims at an early date is solicited.

In the event that there are any questions concerning this amendment or the application in general, the Examiner is respectfully urged to telephone the undersigned so that prosecution of this application may be expedited.

Respectfully submitted,

CIRILLO, Salvatore
